

Alaska Department of Labor and Workforce Development (ADOL) Bulletin
Revised: IAIABC Claims Release 3 Standards utilizing ACORD XML Standards

Date: 04/13/16

On behalf of the State of Alaska, ISO Worker Comp Solutions is pleased to announce the expansion of reporting capabilities for interested Trading Partners by accepting the IAIABC Claims Release 3 ACORD XML Standards. The acceptance of the ACORD XML format is an option and not required by Trading Partners who prefer to continue to use the current IAIABC Release 3 Flat File.

Our team is currently seeking feedback from ADOL Trading Partners who have an interest in testing and subsequently reporting First Report and Subsequent Report of Injury transactions utilizing these IAIABC and ACORD XML standards.

Interested parties can respond to this email from adoledi@iso.com. A representative from the ADOL EDI Support Team will respond concerning the IAIABC and ACORD XML Standards including test plans and schedules.

For additional information, please contact the ADOL EDI Support Team or visit www.adoledi.info.

Thank you,
Alaska Department of Labor and Workforce Development EDI Support Team
