

**Alaska Department of Labor and Workforce Development (ADOL) Announcement**  
**ADOL FROI/SROI EDI Requirements Version 2.5.1 Updates Available for Download**  
**and Reminder of ADOL EDI Workshop!**

Date: January 9, 2019

**ADOL Version 2.5.1 Updates:**

ADOL has identified additional changes needed to the v2.5 tables dated 7/10/2018, and as a result has created v2.5.1 dated 1/8/2019. These changes are available for testing, and testing is encouraged pending the new Implementation of the edits for production on 2/19/2019.

Primary changes include changes to SROI MTC PY-Payment reporting and the elimination of MTC RE (however, Reduced Earnings variable segments are still to be present as applicable on other transactions).

The 'updated' requirements are now available for download at <http://adoledi.info/>. You can find the updated tables under the "Implementation Guide" link on the left-hand side of the page. ADOL's EDI Implementation Guide page provides a link to download each requirement document. As mentioned, information regarding changes to ADOL's EDI Requirements can be accessed by reviewing the ADOL Change Log Tab within each of the documents. There is an indication in the Change Logs that provide a list of the changes that have been made since the Version 2.5 posted on 7/10/2018.

This is also a reminder that on Friday, February 1, 2019 the Alaska Workers' Compensation Division will conduct an EDI Workshop, to cover ADOL's Version 2.5 and 2.5.1 EDI requirement tables and current reporting issues. Please see the announcement posted at <http://adoledi.info/news> for further registration information.

If you have questions related to general EDI support issues, please email [adoledi@iso.com](mailto:adoledi@iso.com).

Thank you,
